

# Medina County Drug Task Force

P.O. Box 1643 · Medina, Ohio 44258

The Medina County D.U.M.P. Program (Dispose of Unwanted Medicine Properly) was designed to offer residents a safe, easy way to dispose of unwanted medications. Items can be taken to one of the twelve D.U.M.P. box locations in the county for destruction, no questions asked. Please remember the following when preparing your items for disposal:

- ❖ Mark out your name, address, and any other identifying information.
- ❖ Secure the containers in a zip-close bag.
- ❖ Please note that the D.U.M.P. boxes are for pills, capsules, and powders only.
- ❖ **Syringes and Liquids CANNOT be accepted at the D.U.M.P. box.**
  - To dispose of syringes: Place needles in a hard plastic bottle, such as a bleach or laundry bottle. You can also purchase a sharps disposal box if you prefer. Seal the cap on tightly with duct tape and label the bottle “Danger – Needles Inside.” Place this in a tied trash or shopping bag and dispose of it in a trash can.
  - To dispose of liquids: Mix the liquid with something undesirable, such as used coffee grounds or cat litter. This makes the medicine less appealing to children and pets and unrecognizable to someone who might intentionally go through the trash looking for drugs. Put the mixture into something you can close to prevent it from spilling out, like an empty coffee can, and dispose of it in a trash can.

\*D.U.M.P. boxes are funded by the Medina County Anti-Drug Levy\*
